**Feeder Level at Farakka**

879. SHRI CHITTA BASU : Will the Minister of WATER RESOURCES be pleased to state:

(a) whether it is a fact that constant fluctuation in the flow of water through the Feeder Level at Farakka (West Bengal) may cause damage to the Feeder Canal itself;

(b) whether this situation has arisen out of the water sharing agreement with Bangladesh;

(c) if so, whether the Government consider it necessary to take up the matter with Bangladesh; and

(d) if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF WATER RESOURCES (SHRI SIS RAM OLA) : (a) and (b) Yes, Sir. Water sharing agreement with Bangladesh necessitates alternate increase and decrease at ten day intervals. Sudden fluctuations beyond certain limits may cause damage to the Feeder Canal as the Feeder Canal is an un-lined canal.

(c) and (d) The Government of India has initiated action and held discussions with Bangladesh on the adjustments to be made for the sharing arrangements so as to avoid damage to the Feeder Canal. Both sides agreed to take up the above issues at the appropriate level of the two Governments.
